Depending on the look you wish to achieve. Some thick rocks and dense rocks will be difficult to split. Consider color for overall appearance and the amount of labor required for installation. *If you don't see the size, shape or color you like, please inquire our helpful staff; chances are they are on order. If not, we'll be happy to order it for you.*

If you have any questions or just need advice, please feel free to ask us. We're here to help any way that we can.

We appreciate your business and good luck with your projects!
